

Chingford Parish Church Concerts Series

No concerts or musical events will be able to take place during the current time, but we hope to be able to publish new events in due course.

It is hoped that the Summer Wednesday Lunchtime Organ Concerts may be able to be held during the autumn instead this year, and that some of the concerts cancelled from the spring and summer may also eventually be rescheduled.

Details will be posted on the music noticeboard outside church and also on the website as they become available www.parishofchingford.org.uk
